CORE VALUES AND BELIEFS

We are a not for profit organization committed to help youth. AAA's dedication is towards **helping students build character** and enhancing student's drawing and artistic abilities. We serve youth in grades 3-12 in the home school and after school community.

MISSION

The mission of the Art Academy is to develop curriculum and safe learning environment in which to teach art. Involve the Metro Atlanta area in special art campaigns spearheaded by the students. Partner with national and local business to support the objectives of the academy.

VISION

Create a forum in which youth can discover art through comic book, storytelling, and animation. To teach students how to draw, research and appreciate the arts. To raise a team of skillful leaders that will impact and change the world. These leaders will always operate in "**Integrity Above Skill**" achieving excellence every time.

OBJECTIVE

We seek to provide students with the opportunity to express themselves through the many art mediums. Establishing themselves as highly skilled leaders with a primary objective to change their immediate surroundings and **help people**. Students will then apply their learned artistic abilities and skill set, within the community.

We intend to educate the public on a variety of artistic and leadership skills with special attention on creating comics and introduction to animation projects. Leadership skills are encouraged to develop character within our students, bringing out pride in the work of every youth involved. Our motto reinforces this ideal which states: "**Integrity Above Skill.**"
